LF Energy SEAPATH

Technical Steering Committee

March 20th 2025

Antitrust Policy Notice

Linux Foundation meetings involve participation by industry competitors, and it is the intention of the Linux Foundation to conduct all of its activities in accordance with applicable antitrust and competition laws. It is therefore extremely important that attendees adhere to meeting agendas, and be aware of, and not participate in, any activities that are prohibited under applicable US state, federal or foreign antitrust and competition laws.

Examples of types of actions that are prohibited at Linux Foundation meetings and in connection with Linux Foundation activities are described in the Linux Foundation Antitrust Policy available at linuxfoundation.org/antitrust-policy. If you have questions about these matters, please contact your company counsel, or if you are a member of the Linux Foundation, feel free to contact Andrew Updegrove of the firm of Gesmer Updegrove LLP, which provides legal counsel to the Linux Foundation.

Agenda

- Release cycle (Mathieu Dupré)

- Exploring third party Operating System (Bastien Desbos)

- Linkedin Page (Eloi Bail)

- Roadmap (Eloi Bail)

Release cycle: SEAPATH release pages

- On the wiki: https://lf-energy.atlassian.net/wiki/spaces/SEAP/pages/160694327/Releases

- On GitHub: https://github.com/seapath/ansible/releases

Release cycle: prebuild images

For testing purpose:

- Debian:
  https://github.com/seapath/build_debian_iso/releases

- Yocto:
  https://github.com/seapath/yocto-bsp/releases
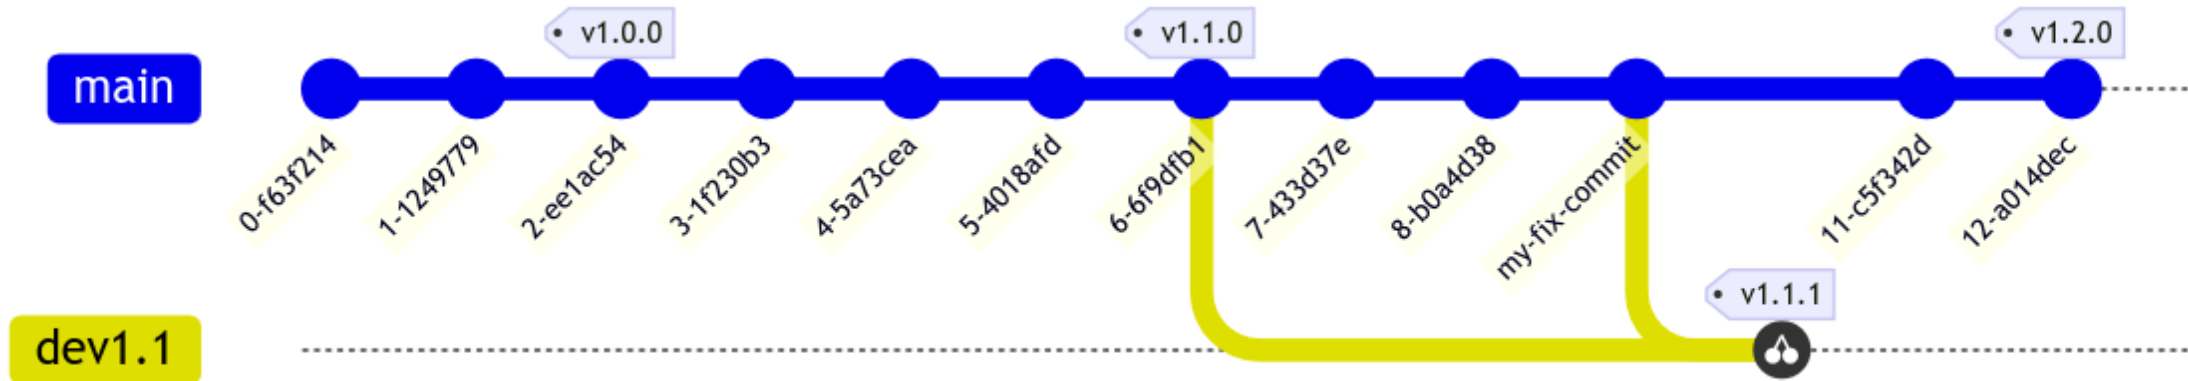

Release cycle: SEAPATH version

SEAPATH use semantic Versioning

<MAJOR>.<MINOR>.<PATCH>

- MAJOR version: huge changes that can break the API.

  - Example change the shared storage software

- MINOR version: for new features

- PATCH version: for bug and security fixes. No new features will be add

Release cycle: workflow

Release cycle: open questions

- How often do we want to do a release?

- Do we want time fixed releases? e.g. one release every month.

Exploring third party Operating System

Linkedin page

- https://www.linkedin.com/showcase/seapath-project/

- Administrated by

  - Dan Brown (LF Energy)

  - Maxime Pelettier (RTE)

  - Nicolas Plantis (SFL)

  - Eloi Bail (SFL)

- Goal

  - Share content

  - Attract users & contributors

Roadmap

- Discussion on-going with TSC Voting members

  - First discussion with

    - Welotec

    - Schneider

  - Discussion on-going with RTE and GE Vernova

Thanks !
